

Dear Representative,

We are pleased to inform you that the ESCMID Executive Committee has reviewed and approved the application of the **Brazilian Society of Infectious Diseases** to become an ESCMID Affiliated Society (AS).

Following your acceptance, your Society will be included in the ESCMID database, and you will begin receiving our weekly newsletter. We kindly ask that you distribute these newsletters among your members to help keep them informed about ESCMID activities and opportunities. Additionally, your Society will be listed on our official Affiliated Societies webpage ([see here](#)), where further details regarding the council meeting and benefits of affiliation are also available. Important communications, such as invitations to submit ESCMID Global proposals or Post-graduate Courses, will be sent directly by email.

Please note that Affiliated Society membership runs from 1 January to 31 December each year. You will receive the invoice for 2027 around October/November 2026.

For your reference, please find here the ESCMID Statutes and Bylaws, which build the baseline of our agreement detailing the rights and responsibilities of AS: [ESCMID Governance and Transparency](#).

Should you have any questions or require clarification about any benefits or processes, please do not hesitate to contact the ESCMID Office.

We are happy to welcome **Brazilian Society of Infectious Diseases** as an ESCMID Affiliated Society and look forward to a strong and productive collaboration.

With kind regards,

Jon S. Friedland
ESCMID President

Jan Kluytmans
ESCMID President Elect and Secretary General
